1Product: Sulphuric acid and oleum

2Country taking action: UKRAINE

3EU Countries concerned: Erga Omnes

4Type of action: CHANGES IN THE PRODUCT DESCRIPTION

5Status + Date: Please be informed that the below notification on introduction of changes was published in the official press of Ukraine on 5 November 2022:
<https://ukurier.gov.ua/uk/articles/povidomlennya-pro-vnesennya-zmin-do-05-11-22/>

6Tariff codes: **280700**

7Comments: The Interdepartmental Commission for International Trade (the ‘investigative authority’) has considered information of the Ministry of Economy of Ukraine regarding the special measures on imports of sulphuric acid and oleum to Ukraine and arrived at the need to make changes in the part of the product description. Taking into account the above and guided by the provisions of the Law "On application of special measures on imports into Ukraine", the investigative authority decided to set out the description of the product, which is the object of application of special measures in the following version: " *sulphuric acid with a mass fraction of monohydrate (H₂SO₄) of not less than 92.5% and oleum, which can be classified according to UKTZED under the code 2807 00 00 00.*" The decision of the Commission comes into effect on the day of its publication in the official press (5 November 2022).
